## BIG ISLAND FILM FEST

The **Big Island Film Festival** is back for a second year, shining a spotlight on dozens of new international narrative films and their filmmakers. Held throughout Waikoloa Resort from May 17-20, the celluloid celebration includes two evening outdoor venues and one daytime indoor theater, as well as social gatherings, music, food, panels, an awards brunch and salutes to a filmmaker and actor. The Best of the Fest final party features a concert by popular Hawaii performer Makana and a screening of the audience's favorite feature and short. A charity golf tournament takes place on the Waikoloa Beach Course the weekend before (May 12).
